

SnapNwin™

BUSINESS CARD SIZE TEMPLATE

NOTES:

1. Preferred file format is press quality PDF with fonts converted to outlines. Please submit bitmap files with a minimum resolution of 300 dpi in tiff format. In vector format use PDF, EPS or Illustrator files. Convert all fonts to curves (outlines). Do not send native files from Quarkxpress or Indesign. We cannot accept files designed in Word, Corel, or Publisher files. Convert all colors to CMYK.
2. Send files with bleed of .125 included. Do not place crop or bleed marks in artwork.
3. When placing text in artwork keep all text .125 inches away from the interior die-line (as shown above) or edges.
4. The snapNwin™ logo and arrow and "patents pending" are required parts to be included in artwork files.
